

UCLA COMMENCEMENT 2010

Information for Students in the Graduation Ceremonies of the College of Letters & Science.

Under license from UCLA, GradImages® will be serving as the official photographer at most of the departmental ceremonies of the UCLA College of Letters and Science. GradImages® has been specializing in graduation photography for the past 25 years. They will be taking at least two pictures of every graduate during their special moment of recognition.

AT THE CEREMONY:

At each graduation ceremony, GradImages® representatives will provide the name card for each student to complete (name/pronunciation/contact information). This card will be kept by the student at the start of the ceremony. The card will then be collected to announce the student's name at the time of his/her presentation to the audience. The card will be immediately given to a GradImages® representative to match with the photograph taken of your special moment. At no charge, picture proofs will be emailed and mailed to each graduate along with ordering information.

PRIOR TO COMMENCEMENT WEEKEND:

Prior to graduation, you do have the option of registering up to 6 email addresses with GradImages®. Just go to **www.gradimages.com** and click on "Pre-Event Registration" at the top of the page. Once there search for "UCLA" and select the ceremony you will be attending. You will receive a coupon for \$5 off any photo order over \$25 just for registering your email address with them prior to graduation.

For more information, simply go to www.gradimages.com or call 1.800.261.2576.

All photos come with a full money back guarantee.

A portion of the proceeds from your sale is returned to UCLA to benefit your academic department.
